Media and Technology

Use the *Media and Technology* section of the *U.S. Political Conventions and Campaigns Past and Present* website to identify technological developments and their impact on the media's role in the political process. After exploring the content of the website, use the internet to explore additional advances or specific presidential campaigns in greater depth. Some suggested resources are available on page two.

Relevant Dates	Technological or Communication Advance	Impact on Presidential Campaign and the Political Process (be sure to cite specific campaigns when possible)
